

1. Divisjon – dommerkommentarer 2015

Korpsnavn	Musikk	Program	Sum poeng

Gloria - Bright, neat [E] a little nervous but I like the balance. Perhaps for me the \downarrow could have been longer. Sometimes they weren't the same style through the band [E] → End again neat.

The Prayer - Some very nice solo lines. Slight intonation issues in some chords. [E] - Good overall sound for me it could have had a more sostenuto feel about it. The energy in the semibreves got lost. Fine close.

The Psalm - Some rhythmic details are lost. Ensemble not always together e.g. [E]. [E] was well played. It just gets a little untidy towards the end.

The Song - Great soloist. The band then is your best playing in terms of ensemble and balance and in sympathy with the soloist. Never over done.

V. The Exaltation - Neat again [E] - then a little problem with ensemble + blips. The odd chord not quite in tune. Andante starts very well, I like the style, tempo, balance is good.
